July 1956

There are no complete lists available, but here are some names to help remember people

During this year, W. Millward who is a Queen's Scout, was one of the eight Worcestershire representatives at the World Jamboree in Canada. Some of his experiences are related elsewhere in this issue.

As we go to press, we learn with great regret of the death of Dr. F. W. Cheese. He was the school doctor for twelve years and, until his illness, a familiar figure to all boys.

SCHOOL OFFICERS

September, 1955 — July, 1956

House Prefects : G. C. Sutton (Foley House).
J. M. Francois (Dudley House).

SPEECH DAY, 1955

We take the following account from the " County Express."

FIRMS ASK FOR HIGHER QUALIFICATIONS

It should be the ambition of all parents to have their boys stay at school as long as possible after the General Certificate Examination was taken at ordinary level, said Mr. L. W. Sheppard, M.B.E. (headmaster) at the prize distribution at Old Swinford Hospital School, yesterday.

The fears that the boys may be missing opportunities by staying on at school were refuted by the growing tendency for employers to ask for higher qualifications, and to attach particular importance to the part taken in the community life of the school.

Sir Hugh Chance, M.A., D.L. (chairman of the feoffees) presided, supported by Sir Gordon Russell, Mr. L. W. Sheppard (headmaster), the Mayoress (Mrs. W. P. Drew), the Ven. A. V. Hurley, C.B.E., T.D., Cllr. J. H. Wooldridge, C.C., Mr. W. R. Bartlett, Mr. N. Jones (deputy director of Education for Worcestershire) and Mr. J. Ebery.

Mr. Sheppard said his report was of a more settled twelve months than they had known for some time, and consequently, he could record definite achievement, rather than plans for the future, as had been the case before. The bold conception of the feoffees to transform that old foundation into a modern boarding technical school, needed time to be put into effect. In the last year very considerable progress had been made, and some of the exciting possibilities of this challenging experiment had been realised. It was evident, in the first place, the very idea of a boarding technical school, and he would remind them that there

July 1958

During the Easter Holidays a party of staff and boys visited Paris for one week. An account of this appears on other pages.

At the beginning of the Summer term the Grade System was modified to give more weight to English and Mathematics in the final assessment.

Congratulations to Mr. R. W. Wood on having another two plays accepted for publication by London University Press.

By way of experiment, this term dormitory libraries have been started among second year boys. In selecting books the emphasis is on " popular " authors, since it is felt that reading in almost any form is preferable to the rather bovine contemplation of comics.

Thanks to the generosity of Messrs. M. & W. Grazebrook Ltd., The Chance Educational Trust and the Feoffees, it has been possible for a contract to be placed for the construction of a second new hard tennis court.

As we go to press we learn with regret of the death of Miss F. Hudson at the age of ninety-three. Miss Hudson retired from her post of Matron at the School in 1929.

Congratulations to Leslie Blight (1942–47) on the publication of his first novel, " Love and Idleness ".

SPEECH DAY, 1957

By courtesy of " The County Express."

Broad Aims of Technical School

Remarking that the narrowly vocational conception of technical education had been abandoned officially for some time, Mr. L. W. Sheppard, M.B.E., M.A., headmaster of Oldswinford Hospital, said at the school prize distribution on Thursday that a boy who was good with his hands was not necessarily " dim upstairs ".

There still seemed to be some grave misapprehensions abroad about the nature and scope of technical schools, he said. Some

U.E.I. RESULTS

July 1963

appointed to this post.

At the end of March a presentation was made to Mr. C. H. Skelding on the occasion of his retirement after thirty years' service at the School.

Dances, Summer Fetes and Coffee Evenings have helped to swell the amount of the Tercentenary Fund. More information about this enterprise which has now raised over a thousand pounds can be found in The Old Boys' News.

Collections made during the year included one of £4 11s. 1½d. made for the N.S.P.C.C., and a total of £37 4s. 2d. raised for the Freedom from Hunger Campaign. The latter sum includes the proceeds of the School stall in the "Mayfair", held in the Town Hall for this cause.

The School acknowledges with gratitude the gift of a Bible for the lectern in the Great Hall. This has been presented by John A. Harradine, who was the Foley House Prefect in 1958.

As we go to press we hear with pleasure of the ordination, by the Lord Bishop of Oxford on June 30th of Ian B. Cook, of Foster House, who left in 1954.

School Officers

their parents the opportunity of consulting a number of visiting experts drawn from Industry and the Professions. This was a very successful occasion and we are most grateful to the numerous visitors who gave up their time to help.

Colleges of Advanced Technology and Training Colleges proved popular with five of last year's leavers, and Hussey was accepted by the Royal Naval College, Dartmouth. We were very pleased to see him at the annual inspection of the C.C.F.

It has been a good year for athletics in the school, notable events being the appearance of Mead and Rich in the All England Schools' championship, when Mead came fifth in the Long Jump, and the winning at Halesowen of the J. Pearson Trophy for School Cross Country Running.

Remanded for reports

A 15-year-old Amblecote youth admitted two charges of burglary when he appeared at Stourbridge Juvenile Court on Wednesday.

The court was told that on the nights of June 12 and 17 premises at 116 and 110, Brettell Lane, Amblecote, were broken into and a total of £18 was taken.

After receiving information a police officer saw the youth who in a statement admitted the offences. He told the officer: "I am sorry, but I wanted the money."

The youth asked for four offences of burglary to be taken into consideration and he was sent to a remand home for three weeks for reports.

Speech Day, 1968

(By Courtesy of The County Express)

Since its recent tercentenary celebrations Oldswinford Hospital School had taken "one of those unpredictable jumps forward which has brought the school to a position few would have anticipated even ten years ago," the Headmaster, Mr. L. W. Sheppard, reported at the Annual Prize-giving.

He said that further expansion was envisaged, and it was with this in view that the feoffees and governors had decided on a policy of acquiring neighbouring property. Although in many ways the present size of the school had much to commend it, a three-form entry would be an advantage from a purely educational point of view.

Mr. Sheppard said that the policy for the future of the school

SPEECH DAY, 1969

(By Courtesy of the County Express)

A call for a master plan for the development of Oldswinford Hospital School, so that it will be ready to play its part in the scheme for the future of education in the county, was made by the headmaster, Mr. L. W. Sheppard, at the prizegiving.

He said the plan would prevent haphazard development, and until it was officially approved there was a need for restraint. A substantial amount of extra building would have to take place for the possible addition of 100 more boarders — it was not only a matter of extra beds, but dining accommodation, common rooms and other facilities.

Mr. Sheppard said that by the mid-seventies the reorganisation of the county secondary system should have taken place. Under it Oldswinford would be a three-form entry senior school, taking 90 boys a year instead of the present 60.

Of the plans for future building, Mr. Sheppard said the assembly hall was inadequate. It was of pleasing design but built for perhaps 200 boys, whereas it now had to take nearer 400 for the daily assembly.

The plan was to move the stage back and bring the hall to its original dimensions, so that it could seat 400. The stage would stand on land behind the hall which has been bought for that purpose.

"We have a splendid plan to join Maybury and Founders with a two storey link consisting of studies and common rooms," said Mr. Sheppard.

"This was originally conceived to commemorate our tercentenary. It will not have to be resubmitted in the light of our present needs.

"Here the response from the Department of Education and Science is likely to be that Oldswinford is better equipped than most schools and cannot be given any sort of building priority in times of

December 1971

even I was astounded at the speed at which contributions were made, enabling us to reach the target, which in the first instance I thought was much too optimistic.

There can be no doubt that this was a positive indication of the respect that so many Old Boys have for Mr. Bartlett and was their way of saying may you enjoy a very well deserved retirement.

D. OAKLEY.

SCHOOL OFFICERS

September 1970 – July 1971

Senior Prefect: N. P. CARTER (Foster).

School Prefects: C. J. EDMUNDS (Foley), N. S. HUMPHRIES (Stone), J. L. TAYLOR (Foster).

Sub Prefects: P. HARVEY (Foley), P. HORTH (Dudley), S. A. BILLINGTON (Foster), P. R. KAY (Foley), J. L. MANDERS (Chance), G. D. P. MATERNA (Dudley), S. J. MESSENGER (Lyttelton), A. BLAKE (Dudley), R. SPEECH DAY, 1970

(By courtesy of the County Express)

The difficulties facing boys who had the right entrance qualifications but could not get university places were outlined by the headmaster, Mr. L. W. Sheppard, at Oldswinford Hospital prize-giving 1970.

There were 48 "A" level passes last year and 17 boys got more than two A's, yet only six got university places. Eighty boys were now doing post-ordinary level studies and those capable of coping with two or three subjects at "A" level were well catered for.

"We have this problem in common with the other selective schools, that we have a number of boys studying for an examination which is not entirely suitable to them.

"While this problem is being dealt with at national level and alternative schemes are being worked out, it is creditable to our VI form masters here that they have devised their curriculum in such a way as to make it possible for boys with varying abilities and requirements to obtain evident benefit from this extra two years.

"But", said Mr. Sheppard, "this examination was originally intended for university entrance and only a small proportion, under the present system of competitive entry, reach the universities."

On the future development of the school, Mr. Sheppard said that it was concerned with the change from an 11–18 two-form entry school to a 13–18 three-form entry, with the probability of becoming all boarding. This plan was now with the Department of Education and Science having been passed by the governors and feoffees and the local education committee. "I wish I could add 'for the moment'," but it would be foolish optimism to suppose that we

December 1972

As usual, at this time of the school year our information about last term's leavers is incomplete but, among those proceeding to further education, we note the following:—

Ellis — *Harper Adam Agr. College*

SPEECH DAY 1971

(Reprinted by courtesy of The County Express)

The headmaster of Oldswinford Hospital School, Mr. L. W. Sheppard, said at the annual prizegiving "While developers seem bent on making Stourbridge an area of car parks and buildings, we must insist that the growing boy needs a better environment than that."

Speaking of land purchased by the feoffees last year he said: "with 250 boys at the school at present and the prospect of 400 in the future, we need all the land we can lay our hands on."

"Even if the West Midlands owes its prosperity to the motor car industry, the school area need not be sacrified to the demand for wider roads and large car parks."

He said plans for extensions of boarding accommodation at the school were now completed and all that was needed was "the green

December 1974

THE · FOLEYAN

Vol. XXII DECEMBER 1974 No. 1

SCHOOL NOTES

In September, 1974, there were 372 boys on the School registers.

With deep regret we record the death during the Summer Holidays of Andrew Field during his fifth year at the School.

During the year ill-health obliged Mrs. Oldham to retire from the governing body, Councillor J. Edmonds, Mr. L. Hill and Mr. W. G. Wooldridge replacing Mr. Aston, Mr. Leather and Mr. Marshall, to all of whom the School is grateful for much care and time freely given. In this considerable re-arrangement of membership we are pleased to note that Councillor Hardwick, another governor nominated by the local authority, and an old boy of the School, remains on the Board.

With the incorporation of Stourbridge into The Dudley Metropolitan Borough, Mr. J. Buck takes over from Mr. Auty as Clerk to the Governors.

Last July we took leave of Mr. Holliday who left us to take charge of Geography at Sibford School, and of Mr. Brereton who has gone to teach English at Liverpool. To both we tender our best wishes for a happy and successful future. In their places we welcome Mr. L. A. Benge, B.A. (Leeds) and Mr. B. W. Last, B.A. M.Phil. (Leeds).

After twenty-two years as Domestic Supervisor, Miss Watson has retired. We wish her a long and happy stay at Doveton. In her place we welcome Mrs. C. B. Shorter who comes from Highbury School, South Africa, to join us as Domestic Bursar.

During the year there have been more changes than usual on the Sanatorium where Miss Judson is now in charge. Mrs. Holliday having accompanied her husband to Sibford is replaced by Mrs. B. I. Welch.

We congratulate the Headmaster on his election to the executive committee of The Boarding Schools' Association.

We congratulate Mr. and Mrs. Williamson on the occasion of their marriage.

In April, Stourbridge ceased to be in Worcestershire and became part of the Metropolitan Borough of Dudley within the West Midlands. The move has meant extensive administrative changes and adjustments for this voluntary aided school and, at

the time of going to press, these are far from completed. This, and the prevailing financial climate have, for the moment, halted most building developments. Despite this a few minor changes have shown that the situation is not stagnant. When the Headmaster moved to his new house, changes were started in the old house to adapt it for use as a new "Needleroom," and to incorporate a flat for the Domestic Bursar. This move has vacated rooms at the North end of Lyttelton Block where plans are being considered for the establishment of a new biology laboratory and division rooms.

As usual at this time in the Autumn Term news of last year's leavers is far from complete and we merely publish a list of those we know to have proceeded to further education:—

Amos—London University.
Bain—Lisburn College of Further Education.
Bekenn—Bristol Polytechnic.
Bresnan—Foley College of Further Education.
Dickinson—Sheffield University.
Evans, J. D.—Royal Free Hospital, University of London.
Evers—Oxford College of Further Education.
Foreman—Oriel College, Oxford.
Fox—Halesowen College of Further Education.
Hingley, N.—Portsmouth Polytechnic.
Hopkins, S. J.—Birmingham Polytechnic.
Jackson—Kidderminster College of Further Education.
Lea, J.—Birmingham Polytechnic.
Lewis, J.—Aston University.
Moseley—Birmingham University.
Nock—Gloucester Technical College.
Pain—Malvern College of Further Education.
Poulson—Kidderminster College of Further Education
Powell—Leeds University.
Purcell—Lancaster University.
Raybould—Birmingham University.
Siviter, J.—Manchester University.
Sunter—Birmingham University.
Webb—Birmingham University.
Willington—Halesowen College of Further Education.

In view of the number of prominent West Midland families which have been associated with the School it is interesting to announce that a book on local families has just been published. It is the more interesting to record that the book, "Butterflies in Camphor," has as its author a former Feoffee, Mr. Elliot Evers. A copy may be found in the Senior Library.

From the numerous excursions undertaken during the year we note here three with a special international flavour, viz: the Canadian study tour for Sixth Form geographers, the Scout camp in Germany, and the 1st XV rugby tour to Denmark.

SCHOOL OFFICERS

SEPTEMBER 1973—JULY 1974

Head Boy: D. POWELL (until December, 1973); D. BEKENN (from January, 1974).

School Prefects: L. GADSDEN, G. JONES, A. SUNTER, B. MERRELL, J. EVANS.

Sub-Prefects: M. EVERS, P. THACKERY, J. HINGLEY.

Captain of Rugby Football: D. BEKENN.

Captain of Association Football: P. BETTS.

Captain of Cricket: J. HINGLEY.

IN MEMORIAM

A. J. Field, 27.8.74.

SPEECH DAY, 1973

Although there is no definite news about Oldswinford Hospital School, the headmaster, Mr. L. W. Sheppard, claims it would be the " height of unreason to suppose that its future should differ fundamentally in aim and function from its present position"

Speaking at the annual prize day he said that with the new Education Committee about to start their sittings a decision should be expected on the School's future in the coming year.

He added: " Once the period of waiting is over we anticipate being able to go ahead with some aspects of our development scheme. As you know we have plans for a sizeable addition to the Health Building which will give us extra accommodation.

On all sides—teaching recreational and residential—there is an insistent demand for more space. In fact, for all the hopes that architect's drawings may raise in our hearts, there would be a great satisfaction for the present generation of teachers and pupils if we could have even temporary accommodation made available in the next year or so."

After outlining the School's history and intake system he said: " In all this I cannot see that we are doing any harm to any educational system or disturbing any ideological sacred cows. Surely an N.C.O. serving in Northern Ireland should be allowed to send his

SPEECH DAY, 1974

Oldswinford Hospital School has met with administrative problems since the changeover to the Dudley Metropolitan Borough.

At the prizegiving on Thursday, 14th November, 1974, headmaster, Mr. L. W. Sheppard, said that local education authorities are not used to dealing with boarding schools.

"Over the years we had established with the Worcestershire authority a working arrangement that Oldswinford Hospital was a special case in certain circumstances, and administratively a boarding school was not the same as a day school," said Mr. Sheppard.

He continued: "This, I believe was fully appreciated by Mr. Buck (Dudley's director of education) and his staff, who were conspicuously anxious to maintain things as they were, and accord us the same treatment as Worcestershire."

He added: "However, it was not to be expected that in such a large undertaking as this, that there would not be some mistakes, misunderstandings, decisions deferred, letters unanswered and other difficulties.

"Very often it was over the more trivial details that we found ourselves at odds; for instance, for those who have dealt with day schools, the idea of ordering shoe polish through the usual channels was quite unheard of, and perhaps even a little sinister."

(Reproduced by kind permission of the *County Express*)

torium still awaits approval, as does the plan for a comprehensive modernisation of the swimming bath. With the new and very expensive scheme of fire prevention measures seems likely to be implemented in the near future.

Auditions for the next School play started in the summer term. This will be " Twelve Angry Men " by Reginald Rose.

Every year in the Easter and Summer holiday it is usual for some boys to attend various organized activities such as Cadet camps (Army and R.A.F. sections) and, with grants from The Feoffees, Outward Bound and sailing courses. This year the number of boys using some of their holidays in this constructive way rose above a hundred.

Among the Sunday speakers this year have been the Revd. Ian Cooke, an old boy of the School, the Revd. Nick Earle and the Revd. Peter Robson.

SPEECH DAY, 1975

Local headmaster Mr. L. W. Sheppard criticised a Schools Council decision to abolish the pass-fail system in 'O' Level examinations, at Old Swinford Hospital School Prize Distribution on Thursday, 13th November, 1975.

" It is needless mystification in an attempt to blur over success and failure," Mr. Sheppard told Oldswinford Hospital School pupils and parents in his annual report.

This is the first year of the new system which grades exam papers from A to E rather than one to nine.

" This was nicely designed to cause confusion," said Mr. Sheppard. " People who don't read the small print will associate the system with the one applying to 'A' levels. This is not so—the A B C grades correspond to the old one to six pass grades and D and E correspond to seven, eight and nine."
